Quality And Craftsmanship Since 1853

"The Spaas master candle makers are proud to be able to continue the tradition, the craftsmanship and the excellent quality that the family has been passing down from generation to generation since 1853.

The common thread through the whole success story is undoubtedly the daily care for the unsurpassed Spaas quality. Through the years, techniques and trends, fashions and changes in interiors and design, colour and scents have been developed further and implemented in leading products.

Today, Spaas is an international company with more than 300 employees and a presence in over 40 countries. That makes the company one of the most important producers in Europe. Spaas candles makes the world a more pleasant place, inspiring people to add a touch of warmth to their everyday lives."
